

MANAGEMENT INFORMATION CIRCULAR as at May 22, 2020

This Management Information Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of Arizona Silver Exploration Inc. (the “**Company**”) for use at the annual general meeting (the “**Meeting**”) of its shareholders to be held on **Friday, June 26, 2020** at the time and place and for the purposes set forth in the accompanying Notice of the Meeting.

NOTE OF CAUTION Concerning COVID-19 Outbreak. At the date of this Circular it is the intention of the Company to hold the Meeting at the location stated in accompanying Notice of the Meeting. We are continuously monitoring development of current coronavirus (COVID-19) outbreak (“COVID-19”). In light of the rapidly evolving public health guidelines related to COVID-19, we ask shareholders to consider voting their shares by proxy and not attend the meeting in person. Shareholders who do wish to attend the Meeting in person, should carefully consider and follow the instructions of the federal Public Health Agency of Canada: (<https://www.canada.ca/en/publichealth/services/diseases/coronavirus-disease-covid-19.html>). We ask that shareholders also review and follow the instructions of any regional health authorities of the Province of British Columbia, including the Vancouver Coastal Health Authority, the Fraser Health Authority and any other health authority holding jurisdiction over the areas you must travel through to attend the Meeting. ***Due to health and safety issues, it will be mandatory to limit the number of attendees to 5. Reservations will be required, please call (604) 833-4278 to place your reservation.*** Please do not attend the Meeting in person if you are experiencing any cold or flu-like symptoms, or if you or someone with whom you have been in close contact has travelled to/from outside of Canada within the 14 days immediately prior to the Meeting. All shareholders are strongly encouraged to vote by submitting their completed form of proxy (or voting instruction form) prior to the Meeting by one of the means described in this Circular.

In this Circular, references to “the Company”, “we” and “our” refer to Arizona Silver Exploration Inc. “common shares” means common shares without par value in the capital of the Company. “Beneficial Shareholders” means shareholders who do not hold common shares in their own name and “intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to beneficial owners of common shares held as of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “**Proxy**”) are officers and directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

The only methods by which you may appoint a person as proxy are submitting a Proxy by mail, hand delivery or fax.

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the common shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your common shares will be voted accordingly. The Proxy confers discretionary authority on persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, or where both choices have been specified, in favour or all matters described herein, the persons named in the Proxy will vote the common shares represented by the Proxy for the approval of such matter.

Notice and Access

The Company is not sending this Circular to registered or beneficial shareholders using "notice-and-access" as defined under National Instrument 54-101 ("**NI 54-101**").

Registered Shareholders

Registered Shareholders may wish to vote by Proxy whether or not they are able to attend the Meeting in person. Registered Shareholders electing to submit a Proxy may do so by:

- (a) completing, dating and signing the enclosed form of Proxy and returning it to the Company's transfer agent, Endeavor Trust Corporation, Suite 702, 777 Hornby St., Vancouver, B.C., V6Z 1S4. ("**Endeavor**"), by mail or by hand to Suite 702, 777 Hornby St., Vancouver, B.C., V6Z 1S4;
- (b) using a touch-tone phone to transmit voting choices to a toll-free number. Registered Shareholders must follow the instructions of the voice response system and refer to the enclosed Proxy form for the holder's account number and the Proxy control number; or
- (c) using the Internet through the website of the Company's transfer agent at www.investorvote.com. Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed Proxy form for the holder's account number and the Proxy control number.

In all cases ensuring that the Proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the Proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold common shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders (those whose names appear on the records of the Company as the registered holders of common shares).

These securityholder materials are being sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in your request for voting instructions.

If common shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will not be registered in the shareholder's name on the records of the Company. Such common shares will more likely be registered under the names of the shareholder's broker or an agent of that broker. In the United States, the vast majority of such common shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

There are two kinds of beneficial owners - those who object to their name being made known to the issuers of securities which they own (called "**OBOs**" for "**Objecting Beneficial Owners**") and those who do not object to the issuers of the securities they own knowing who they are (called "**NOBOs**" for "**Non-Objecting Beneficial Owners**").

Pursuant to National Instrument 54-101 of the Canadian Securities Administrators, the Company is sending proxy-related materials directly to NOBOs, which materials will include a scannable Voting Instruction Form (a "**VIF**"). These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone voting and Internet voting as described on the VIF itself which contain complete instructions. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive.

Management of the Company does not intend to pay for intermediaries to forward to OBOs under National Instrument 54-101 the proxy-related materials and Form 54-101F7 *Request for Voting Instructions Made by Intermediary*, and, in the case of an OBO, the OBO will not receive the materials unless the OBO's intermediary assumes the cost of delivery.

Every intermediary that mails proxy-related materials to Beneficial Shareholders has its own mailing procedures and provides its own return instructions to clients. Beneficial Shareholders should follow the instructions of their intermediary carefully to ensure that their common shares are voted at the Meeting.

Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in the United States and in Canada. Broadridge mails a voting instruction form (the "**Broadridge VIF**") which will be similar to the Proxy provided to Registered Shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. The Broadridge VIF will appoint the same persons as the Company's Proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a shareholder of the Company), other than the persons designated in the Broadridge VIF, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the Broadridge VIF. The completed Broadridge VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. **If you receive a Broadridge VIF, you cannot use it to vote common shares directly at the Meeting – the Broadridge VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have the common shares voted.**

Although as a Beneficial Shareholder you may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of your broker, you, or a person designated by you, may attend at the Meeting as proxyholder for your broker and vote your common shares in that capacity. **If you wish to attend at the Meeting and indirectly vote your common shares as proxyholder for your broker, or have a person designated by you do so, you should enter your own name, or the name of the person you wish to designate, in the blank space on the voting instruction form provided to you and return the same to your broker in accordance with the instructions provided by such broker, well in advance of the Meeting.**

Alternatively, you can request in writing that your broker send you a legal Proxy which would enable you, or a person designated by you, to attend at the Meeting and vote your common shares.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a Registered Shareholder who has given a Proxy may revoke it by:

- (a) executing a Proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the Registered Shareholder or the Registered Shareholder’s authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the Proxy bearing a later date to Endeavor or at the address of the registered office of the Company at Suite 970, 777 Hornby St., Vancouver, B.C., V6Z 1S4, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law; or
- (b) personally attending the Meeting and voting the Registered Shareholder’s common shares.

A revocation of a Proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, nor any person who has held such a position since the beginning of the last completed financial year end of the Company, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors, the appointment of the auditor and as set out herein.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The board of directors (the “**Board**”) of the Company has fixed May 22, 2020 as the record date (the “**Record Date**”) for determination of persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a form of Proxy in the manner and subject to the provisions described above will be entitled to vote or to have their common shares voted at the Meeting.

VOTES NECESSARY TO PASS RESOLUTIONS

A simple majority of affirmative votes cast at the Meeting is required to pass the resolutions described herein. If there are more nominees for election as directors or appointment of the Company's auditor than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled all such nominees will be declared elected or appointed by acclamation.

SETTING NUMBER OF DIRECTORS

The persons named in the enclosed Proxy intend to vote in favour of fixing the number of directors at five (5). The Board proposes that the number of directors remain at five (5). Shareholders will therefore be asked to approve an ordinary resolution that the number of directors elected be fixed at five (5).

On May 6, 2019, the British Columbia Securities Commission issued a cease trade order (the “**CTO**”) against Canamex Gold Corp. (“**Canamex**”), its directors, officers and insiders for failure to file audited financial statements and management’s discussion & analysis and related certifications for the year ended December 31, 2018. APPOINTMENT OF AUDITOR

Management of the Company proposes to nominate as the external auditor of the Company, Smythe LLP, Chartered Professional Accountants, to serve until the close of the next annual general meeting of the Company, and to authorize the directors to fix the remuneration of the auditor so appointed. See “*Particulars of Matters To Be Acted Upon – Appointment of Auditor*” for further particulars.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 of the Canadian Securities Administrators (“**NI 52-110**”) requires the Company, as a venture issuer, to disclose annually in its Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor, as set forth in the following:

Audit Committee Charter

The Audit Committee has a charter. A copy of the Audit Committee charter is attached hereto as Schedule “A”.

Composition of the Audit Committee

The current members of the Audit Committee are David Vincent (Chair), Mike Stark and Eugene Spiering. All members of the Audit Committee are considered to be financially literate.

A member of the Audit Committee is independent if the member has no direct or indirect material relationship with the Company. A material relationship means a relationship which could, in the view of the Company’s Board, reasonably interfere with the exercise of a member’s independent judgement.

A member of the Audit Committee is considered financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company.

Relevant Education and Experience

The following describes the education and experience of each member of the Audit Committee that is relevant to the performance of his responsibilities as an Audit Committee member:

David Vincent – Mr. Vincent’s background includes consulting and investment banking, corporate advisory, corporate public relations and capital raising services within the resources sector. Mr. Vincent was a senior executive with BAE Systems, a global aerospace company, where he gained significant skills and experience in international business development, feasibility studies, market analysis, business planning, project financing, project management and marketing within the United Kingdom, the Middle East and Europe.

Mike Stark – Mr. Stark has over 32 years of business experience in the private sector as an owner and operator of two successful companies, and 27 years in the public sector. Mr. Stark’s background includes corporate financing, investor relations, market support and corporate strategic development. Companies he has worked with in the past include; Exeter Resources and Extorre Resources. Mr. Stark is currently Chairman and director of Canamex Gold Corp.

Eugene Spiering – Mr. Spiering is an Exploration Geologist with over 30 years of international experience in mineral exploration and senior level project management in the Western United States, South America, and Europe. As VP Exploration, he participated in the discovery and development of the El Valle and Carles gold mines, and the Aguablanca nickel mine in Spain, along with discovery of 2 new uranium mineralized breccia pipes in Arizona. He was also responsible for the exploration and definition of 2 porphyry copper deposits near Yerington, Nevada. Mr. Spiering, is a consulting geologist and a Qualified Person (QP) as defined in the National Instrument 42-101. He is a registered member of the Society of Mining, Metallurgy, & Exploration (SME #4164070RM), a fellow member of Australasian Institute of Mining and Metallurgy (FAusIMM #222207) and served as SME 2015-2016 Henry Krumb Guest Lecturer. Mr. Spiering is on the Board of Southern Silver Exploration Corp, and acts as Chairman of the audit committee of (“SSV” on the TSX-V), a silver development project in Mexico.

Each member of the Company’s present and proposed audit committee has adequate education and experience that is relevant to their performance as an audit committee member and, in particular, the requisite education and experience that have provided the member with:

- (a) an understanding of the accounting principles used by the Company to prepare its financial statements and the ability to assess the general application of those principles in connection with estimates, accruals and reserves;
- (b) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company’s financial statements or experience actively supervising individuals engaged in such activities; and
- (c) an understanding of internal controls and procedures for financial reporting.

Audit Committee Oversight

The Audit Committee has not made any recommendations to the Board to nominate or compensate any external auditor.

Reliance on Certain Exemptions

At no time since the commencement of the Company's most recently completed financial year has the Company relied on the exemption in Section 2.4 of NI 52-110 (*De Minimis Non-audit Services*), or an exemption from NI 52-110, in whole or in part, granted under Part 8 of National Instrument 52-110.

Pre-Approval Policies and Procedures

The Committee has adopted specific policies and procedures for the engagement of non-audit services as described above under the heading "External Auditors" which are contained in the Audit Committee Charter.

External Auditor Service Fees

The following table provides information about the fees billed to the Company for professional services rendered by the Company’s external auditor, for fiscal periods ended 2018 and 2019:

Financial Year Ended	Audit Fees ⁽¹⁾	Audit-Related Fees ⁽²⁾	Tax Fees ⁽³⁾	All Other Fees ⁽⁴⁾
August 31, 2018	20,000	\$400	NIL	NIL
August 31, 2019	17,210	NIL	NIL	NIL

Notes:

- (1) *Audit fees consist of fees for the audit of the Company's annual financial statements or services that are normally provided in connection with statutory and regulatory filings or engagements.*
- (2) *Audit-related fees consist of fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported as Audit Fees.*
- (3) *Tax fees consist of fees for tax compliance services, tax advice and tax planning.*
- (4) *The aggregate fees billed for products and services other than as set out under the headings "Audit Fees", "Audit Related Fees" and "Tax Fees"*

Exemption

The Company is relying upon the exemption in section 6.1 of NI 52-110 in respect of the composition of its Audit Committee and in respect of its reporting obligations under NI 52-110 for the year ended August 31, 2019. This exemption exempts a "venture issuer" from the requirement to have 100% of the members of its Audit Committee independent, as would otherwise be required by NI 52-110.

CORPORATE GOVERNANCE

General

A summary of the responsibilities and activities and the membership of each of the Company's committees is set out below.

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Board of Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment.

Management has been delegated the responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on the Company's business in the ordinary course, managing cash flow, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The Board facilitates its independent supervision over management by reviewing and approving long-term strategic, business and capital plans, material contracts and business transactions, and all debt and equity financing transactions. Through its audit committee, the Board examines the effectiveness of the Company's internal control processes and management information systems. The plenary Board reviews executive compensation and recommends stock option grants.

The following directors of the Company are directors of other reporting issuers:

Name of Director	Name of Other Reporting Issuer
Gregory A. Hahn	Canamex Gold Corp.
Mike Stark	Canamex Gold Corp.
David John Vincent	Canamex Gold Corp.
Eugene Spiering	Southern Silver Exploration Corp.

Independence of Members of Board

The Company's current Board consists of five (5) directors, a majority of whom are independent based upon the tests for independence set forth in NI 52-110. All Board members are independent except for Mike Stark, Chairman and President of the Company.

Management Supervision by Board

The size of the Company is such that all the Company's operations are conducted by a small management team which is also represented on the Board. The Board considers that management is effectively supervised by the independent directors on an informal basis as the independent directors are actively and regularly involved in reviewing and supervising the operations of the Company and have regular and full access to management. The independent directors are however able to meet at any time without any members of management including the non-independent directors being present. Further supervision is performed through the audit committee which is composed of independent directors who meet with the Company's auditors without management being in attendance. The independent directors exercise their responsibilities for independent oversight of management through their majority control of the Board.

Participation of Directors in Other Reporting Issuers

The participation of the directors in other reporting issuers is described in the table provided under "Election of Directors" in this Circular.

Orientation and Continuing Education

The Company does not have formal orientation and training programs and does not consider these programs necessary at this stage of the Company's development. Board members have full access to the Company's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet responsibilities to shareholders. The Board has considered adopting a written Code of Conduct and has decided it is not necessary to adopt such a code at the present time, due to the current activity level of the Company.

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. In addition, as some of the directors of the Company also serve as directors and officers of other companies engaged in similar business activities, directors must comply with the conflict of interest provisions of the *Business Corporations Act (B.C.)*, as well as the relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors which evoke such a conflict.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mining industry are consulted for possible candidates.

Committee Responsibilities and Activities

Committees of the Board are an integral part of the Company's governance structure. There are two (2) standing committees (the "**Committees**"), established to devote the necessary expertise and resources to particular areas, and to enhance the quality of discussion at Board meetings. The Committees facilitate effective Board decision making by providing recommendations to the Board on matters within their respective responsibilities. The Board believes that the Committees assist in the effective functioning of the Board and that the composition of the Committees should ensure that the views of independent directors are effectively represented. The Board has determined that, at this stage of the Company's development, it is not necessary for the Board to have additional standing committees other than the Audit Committee and the Compensation Committee.

Compensation Committee

The Compensation Committee is responsible for reviewing all overall compensation strategy, objectives and policies; annually reviewing and assessing the performance of the executive officers; recommending to the Board the compensation of the executive officers; reviewing executive appointments; and recommending the adequacy and form of directors' compensation.

For information relating to the Compensation Committee's report on executive compensation, see "Report on Executive Compensation" above. This Committee meets at least once annually. Currently Mike Stark is the only member of this Committee. Mike Stark is the Chairman, CEO and President of the Company and is therefore, not considered to be independent.

Compensation of Directors and the CEO

The Compensation Committee has the responsibility for determining compensation for the directors and senior management.

To determine compensation payable, the Compensation Committee reviews compensation paid for directors and CEOs of companies of similar size and stage of development in the mineral exploration industry and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation the Compensation Committee annually reviews the performance of the CEO in light of the Company's objectives and consider(s) other factors that may have impacted the success of the Company in achieving its objectives.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual directors and each of its committees.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

The main objective of the Company's executive compensation program is to attract, retain, and engage high-quality, high-performance executives who have the experience and ability to successfully execute the Company's strategy and deliver value to our shareholders.

The objectives of the Company's executive compensation program are as follows:

- (i) compensate executives competitively for the leadership, skills, knowledge, and experience necessary to perform their duties;
- (ii) align the actions and economic interests of executives with the interests of shareholders; and
- (iii) encourage retention of executives.

The Board has established a Compensation Committee, which as at the year ended August 31, 2019 was comprised of Mike Stark. Mike Stark is the Chairman, CEO and President of the Company and is therefore, not considered to be independent.

The purpose of the Compensation Committee is to make recommendations to the Board regarding (a) executive compensation (including philosophy and programs); (b) management development and succession; (c) compensation of the members of the Board; and (d) broadly applicable compensation and benefit programs. However, it is the Board as a whole which is responsible for determining the final compensation (including long-term incentive in the form of stock options) to be granted to the Company's executive officers and directors to ensure that such arrangements reflect the responsibilities and risks associated with each position. Management directors are required to abstain from voting in respect of their own compensation, thereby providing the independent members of the Board with considerable input as to executive compensation.

Process for Determining Executive Compensation

As a junior natural resource issuer, the Company's executive compensation program focuses primarily on rewarding the efforts of its executives in increasing shareholder value and meeting the goals and objectives established by the Board for the Company as a whole and each executive on an individual basis. The Compensation Committee is responsible for reviewing executive compensation with respect to the achievement of these goals on an annual basis and making recommendations to the Board with input from the Company's CEO. In doing so, the Compensation Committee recognizes the importance of ensuring that overall compensation for Named Executive Officers is not only internally equitable, but also competitive within the market segment for junior natural resource issuers. Specifically, the Compensation Committee's review and evaluation includes measurement of, among others, the following areas: (a) the achievement of corporate objectives, such as financings, exploration programs and successes, acquisitions, joint ventures and other business development, in particular having regard to the budgetary constraints and other challenges facing the Company; (b) the Company's financial condition; and (c) the Company's share price, market capitalization and shareholder returns. The Compensation Committee also takes into consideration the value of similar incentive awards to executive officers at comparable companies and the awards given to executive officers in the past.

The goal of the Compensation Committee is to meet at least once a year to assess, evaluate, monitor and make recommendations to the Board regarding appropriate executive compensation policies as well as succession planning, and will meet more frequently if required. The Compensation Committee will meet a minimum of once every calendar year.

The Compensation Committee has recommended to the Board that the executive compensation program should be comprised of the following elements:

- Management Fee – to compensate executives for the leadership, skills, knowledge and experience required to perform their duties; and
- Long-term Incentive Plan – to retain talented executives, reward them for their anticipated contribution to the long-term successful performance of the Company and align them with the interests of shareholders. The plan currently consists only of incentive stock options.

Compensation Policies and Risk Management

The Board has not proceeded to an evaluation of the implications of the risks associated with the Company's compensation policies and practices.

The Company has not retained a compensation consultant during or subsequent to the most recently completed financial year.

The Company does not use a specific "benchmark group" to determine executive compensation levels.

Total compensation for executive officers includes consulting fees, long-term incentive stock options.

Hedging of Economic Risks in the Company's Securities

The Company has not adopted a policy forbidding directors and officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by directors or officers. The Company is not, however, aware of any directors or officers having entered into this type of transaction.

Option-based awards

The Company's stock option plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange, and closely align the interests of the executive officers with the interests of shareholders. The Board is also eligible to receive stock option grants under the Company's stock option plan, and the Company applies the same process for determining such awards to directors as with NEOs.

The purpose of the Plan is to attract and motivate Directors, Officers, Employees, Management Company Employees, Consultants or Company (“Optionee”), to the Company, and thereby advance the Company’s interests, by affording such persons with an opportunity to acquire an equity interest in the Company through the issuance of stock options.

3. The exercise price of an Option may not be set at less than the minimum price permitted by the Exchange or less than the Discounted Market Price.
4. Options granted will have a maximum term of up to 10 years from the date of grant.
5. Options are non-assignable and non-transferable.
6. Options can only be exercised by the Optionee as long as the Optionee remains an eligible Optionee pursuant to the Plan or within a period of not more than 90 days after ceasing to be an eligible Optionee (30 days in the case of a person engaged in Investor Relations Activities).
7. In the event of death of an Optionee, the Optionee’s heirs or administrators may exercise any portion of such Optionee’s outstanding Option until the earlier of one year following the date of the Optionee’s death or the expiry of the Option Period.
8. In the event an Optionee shall cease to be a Director, Employee or Consultant of the Company for termination for cause, the Option shall terminate and shall cease to be exercisable upon such termination for cause.

9. Subject to any required regulatory approval, the Board may, in its discretion, accelerate the vesting or exercisability of any Option and all Option shares subject to an Option become vested in the event of a take-over bid. The exercise price and the number of Common Shares which are subject to an Option may be adjusted from time to time for share dividends, and in the event of recapitalization, subdivision, arrangement, amalgamation, reorganization or change in the capital structure of the Company.

11. Options issued to Optionees other than Consultants who perform Investor Relations Activities, may at the discretion of the Board be subject to vesting conditions.

The Exchange requires that “rolling” stock option plans such as the Company’s Plan must receive annual approval by the Shareholders. Thereafter, notice of Options granted under the Plan must be given to the Exchange. Any amendments to the Plan must also be approved by the Exchange and, if necessary, approval by the Disinterested Shareholders of the Company obtained prior to becoming effective.

“**Approval by the Disinterested Shareholders**” means approval by a majority of votes cast by all Shareholders at the Meeting, excluding votes attached to Common Shares beneficially owned by Insiders of the Company to whom Options may be granted pursuant to the Plan and their associates in accordance with the policies of the Exchange.
